H2 Honor Roll Study Aid Ages 13-18

A and B study together with books open before them.

A Geometry is so dumb. Who would ever need to know about complementary angles and (flipping through pages) tangent lines.

B Tangent lines? What in the world are those?

A (condescending)Uh, what we've been learning all week. Where have you been?

B I'm still on chapter 5. I just don't get this stuff.

A Try this.

A hands a laminated booklet to B.

A It's got study aids for every chapter.

B The Honor Roll Study Aid for Geometry. Sounds like it could help!

A I've got one for English, History, Chemistry and even one to help organize my time. Last semester I was pulling B's and C's, but now I think I've got straight A's!

B That's great for you, but I'm flunking Spanish.

A They've got an Honor Roll Study Aid for everything, even Gym.

B With Honor Roll Study Aid we're guaranteed to make, well, honor roll.

They laugh.

A But first, tangent lines.

A opens up the Study Booklet.
