## Girl (13-15) A memorable first

Girls, it's time to swap stories. No slumber party is complete 'til we all get the updates on our latest boy adventures. I'll start, 'cause I got some big news. I kissed Rick. Yep, right on the lips. It wasn't at all what I expected, though. I mean, for a first kiss, it was rather disappointing!

Okay, so he took me to see a movie. He even let me chose, so we saw the new Ben Affleck movie. He thought it was cool, 'cause Affleck blows up a lot of stuff. And you know why I liked it! (Giggle)

Then when the movie was over, we just stayed there. Everybody cleared out, but we had the whole theater to ourselves. It was really dark, and the light from the credits on the screen made Rick look really yummy. He put his arm around me, and we sat looking into each other's eyes. It seemed like forever that we sat there like that. I wanted him to make a move so bad! I could tell he wanted to, too. He was so cute. I think we were both kinda nervous, ya know?

Well, finally I couldn't take it anymore. I said to myself "Now or never," and I closed my eyes and leaned in, ready for my first kiss ever. I don't know what he was doing, but I sat there waiting for another hundred years, and just when I opened my eyes again and started to move back, he darted in.

Bang! We bumped heads. He let out a grunt, something like you'd hear out of roadkill just before it passes. It was horrible, but I had made up my mind. No matter what, I was going to get my first kiss from the cutest boy in school. So, even though the romance was gone, I leaned in again, after he stopped rubbing his forehead!

Well, this time he didn't waste a second. He smushed his mouth over mine and started to violently poke me with his tongue. It was disgusting, to say the least. I hope that isn't what it's supposed to be like! Not to mention, his breath explained the roadkill shriek!
