W2 - WRIGLEY'S

For me, this is really number one - a mountain trail and a stick of Wrigley's Spearmint gum. The clean, cool, refreshing taste really picks me up. It's no big deal, but if I'm going to chew a stick of gum for my own personal enjoyment, I'm going to chew the one that suits me best--- Wrigley's Spearmint. You can really enjoy its great taste. You should try some today!
